

XV. Mr. Herur Gundappa, mooted the following subjects for discussion.

- (1) Rules defining the duties of Sanitary and Assistant Sanitary Inspectors should be framed if there are none now in force.

Resolution.—The Sanitary and Assistant Inspectors have been attending to the sanitation of villages and towns and also to plague work and supervising the public works carried out through the Revenue Department, etc.

- (2) In the annual budgets there should be a separate allotment for the sanitation of villages.

Resolution.—Year by year an allotment is being made for the purpose.

- (3) To carry out the sanitation work efficiently, the Sanitary Inspectors should be given a menial establishment. It would be convenient if one Revenue dafadar and 2 peons are given to help them in their work.

Resolution.—The proposed arrangement is not feasible. The proposed establishment itself is not necessary as they are helped by the village officers and servants.

XVI. Resolved that the date for the next meeting may be fixed later on and intimated to the members.

C. S. BALASUNDARAM IYER,

NOTICE.

Dated 8th January 1913.

Sealed tenders for the supply of *good and cleaned grain* required for the ponies and harness horses of the Transport Corps and Government Stables at Bangalore and Mysore, will be received up to 2 p.m. on Monday the 10th February 1913, in the Office of the Military Secretary to His Highness the Maharaja of Mysore, Bangalore. The contract for the supply of grain for Transport Corps and Government Stables will be from 1st March 1913 to end of February 1914.

Conditions.

1. One tender for all the stations or separate tenders for each station may be given at the option of the tenderer but the tenderer should show clearly the rate at which the grain (kulthi or Bengal gram, *vide* para 9) can be supplied at Bangalore and Mysore, respectively, throughout the year. The supply of chenna crushed to A. Division of the Transport Corps, should be made at the Old Sowar Lines at Bangalore, and for the other four divisions of the Corps near Munireddipalyam.

2. Every tender should be accompanied by currency notes for Rs. 500 which will be forfeited to Government, if the tenderer whose tender is accepted, fails to execute the arrangement for the due fulfilment of the contract or to make the deposit as specified in para 3. If the tender is not accepted the amount will be refunded.

3. The successful tenderer will be required to execute an agreement for the fulfilment of the contract, and to deposit Rs. 4,000 for Bangalore and Mysore or Rs. 3,500 for Bangalore alone and Rs. 500 for Mysore alone. The execution of the arrangement and the production of the deposit amount shall be completed within 15 days from the date of the declaration of the acceptance of any tender.

4. The contractor at any station will, if necessary, be required to supply the grain at the contract rate for the horses, ponies and mules of the Corps and Stables leaving that station for manœuvres or other duty in sufficient quantity to last until their return to headquarters.

5. The contractor will supply the quantities of grain within one month from the date of taking contract or indented for daily as detailed above at option of Officer Commanding Corps at Bangalore and Mysore and obtain receipts on indents from the Commandant of the Imperial Service Transport Corps and Superintendent, Government Stables, respectively.

6. In the case of daily supply the contractor will present bills once a month for supplies made by him during the month to the Commandant and Superintendent, Government Stables, who will check and submit them to the Military Secretary for payment.

7. Should the contractor fail to comply with any of the conditions detailed above, his contract will be forthwith cancelled and the deposit credited to Government.

8. The Military Secretary reserves to himself the right of accepting or rejecting any tender without assigning any reason therefor.

9. The probable quantity of grain required at Bangalore is as below:—

For Transport ponies and harness horses; 1,120 seers gram and 1,500 lbs. crushed chenna daily; and at Mysore—

Gram 100 seers per day.

Note.—The above rate of proportion may be altered and it is understood that should any necessity arise for feeding the animals of any Corps on full ration of any one of the two grains named the contractors will be prepared to supply the required quantity of the grain.

It is further noted that as Government are contemplating the substitution of bullocks for ponies, the Transport Corps is in no way bound to take the full quantity above noted. These amounts are merely probable requirements.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

CIVIL SIDE.

Rule of Practice No. 153, dated 28th January 1913.

The following rules regulating the grant of copies and the appointment of copyists in Civil Courts, framed by the Chief Court, having received the sanction of Government, are issued in supersession of the rules contained in Rule of Practice No. 148, dated 2nd June 1911:—

1. Every application for a copy of a document shall be made to the Court in which the record containing the document is. When such record has been despatched to the Central Record Room the application shall be forwarded to the Officer in charge and it shall thereupon be the duty of that officer to inform the Court what number of copying sheets are required for the copy. When the requisite number of sheets have been forwarded to the Officer in charge of the Central Record Room the copy shall be made without delay and shall be sent by post to the Court for delivery to the applicant. If the applicant so prefers, the application may be endorsed as admissible and may be returned to the applicant for presentation to the Officer in charge of the Central Record Room.

2. The application shall be presented by the applicant in person or by his pleader or by his pleader's registered gumasta to the Head Ministerial Officer or such other officer as the Court may appoint for this purpose, between the hours of 11 A.M. and 3 P.M. Every application shall set forth—

(a) the name of the applicant and his position (if any) in the suit or proceeding; also the name of his pleader and of his pleader's registered gumasta (if any); and

(b) the description of the document of which a copy is required.

3. Any application not containing the particulars required to be specified under Rule 2 is not to be admitted until it is amended in respect of the matters in which it is defective.

4. Parties to a suit are entitled at any stage of the proceedings to obtain copies of the record of the suit including exhibits which have been admitted in evidence.

5. A stranger to a suit may *after decree* obtain as of course copies of the plaint, written statements, affidavits and petitions filed in the suit and of the depositions of witnesses and may, for sufficient reason shown to the satisfaction of the Court, obtain copies of any such documents *before decree*.

6. A stranger to a suit may also obtain as of course copies of judgments, decrees or orders at any time after they have been passed or made.

7. A stranger to a suit wishing to obtain copies of exhibits admitted in evidence must apply by petition specifying the purpose for which such copies are required, and the Court may order the grant of the same.

8. Copies of correspondence not strictly judicial and generally of any confidential notes or proceedings, will not be granted.

9. When any party to a suit applies for a Kanarese translation of a decree which has been drawn up in English such translation shall be made and copy granted without payment of any extra fee.

10. Where any doubt arises as to whether the document, of which a copy is applied for, is one of which a copy can or ought to be granted, the Head Ministerial Officer or other officer, as the case may be, shall obtain the order of the Judge. If the application is refused by the Judge it will be returned to the applicant with the order of refusal endorsed thereon.

11. As soon as an application is admitted it shall be passed on to the examiner and shall be entered in the register of applications for copies. Where any application shows the date of institution but not the date of disposal of the connected record, the latter date will be ascertained from the office by the officer receiving the application and will be noted on the application before it is passed on.

12. When an application has been registered the record shall at once be obtained by the examiner from the record-keeper or clerk in whose possession it is and the applicant shall be informed as soon as practicable of the number of copying sheets required for the copy. He shall also be informed that the preparation of the copy will not be commenced until he has supplied in full the number of copying sheets stated to be required.

13. When the requisite number of copying sheets have been furnished a note will at once be made by the examiner in his register and a receipt in the prescribed form will be filled in and made over to the applicant. At the same time the examiner will fix and intimate to the applicant a date not exceeding ten days ahead on which he should attend to ascertain whether the copy is ready or whether any additional copying sheets are required. Should the copy not be complete on the date so fixed, the applicant will be directed to attend on another date not exceeding ten days from the first date and so on. The successive dates on which the applicant is told to attend and on which he attends shall be entered on the receipt.

14. The preparation of copies shall, as far as possible, be undertaken in the order in which the applications are made, but precedence shall be given to the preparation of copies which are urgently required for the purpose of instituting suits, appeals or other proceedings or for the purpose of pending suits, appeals or other proceedings.

15. All copies other than those which are granted free of cost shall be made on impressed and ruled sheets of the value of two annas each. Each sheet contains sixteen lines on which copying is to be done. The exact number of words on each line is immaterial provided that the total on each sheet does not exceed 100 English or 150 Vernacular words and that as many two anna sheets are used (and no more) as are necessary to complete the copy at the above rate. Five figures will be regarded as equivalent to one word.

16. In the case of maps and plans no general rule can be laid down. A reasonable fee (proportionate to the skill, labour and time occupied in preparing the copy) shall in each case be fixed by the Court and deposited in cash by the party applying, in the same manner as for a commission under the Code of Civil Procedure. The whole of such fee shall be paid to the person employed in preparing the copy, he supplying his own materials. Such copies may be prepared by licensed copyists if, in the opinion of the Court, they are competent for the work.

17. On each copying sheet used four pies represent the payment to the Government on account of the cost of paper, cost of printing and the commission to the stamp vendors, etc. the remaining one anna eight pies will represent the earnings of the copyist and examiner, the former receiving one anna four pies and the latter four pies. When the copy is ready the upper part of each stamp must be torn off each sheet along the perforated line and then signed by the copyist and examiner and kept till the end of the month.

18. The accounts of the copyists and examiners will be made up monthly, and the amounts due to each will be drawn by the Court or the officer in charge of the Central Records, on bills in the form to be prescribed by the Comptroller, giving the following particulars, *viz*, the names of parties, the name of each copyist and examiner, the number of sheets copied or examined by each and the amounts claimed.

The amounts claimed should be taken from the stamp slips which should be defaced and attached to the bill.

19. At the close of each day all records and all undelivered copies and unused copying sheets shall be taken back from the copyists and secured for the night by the Head Ministerial Officer or such other officer as the Court may direct in that behalf. Unused stamp papers relating to finished copies as well as all finished copies shall be retained by such officer till they are required for delivery to the parties.

20. When the copy applied for has been prepared by the copyist, it shall be compared by the examiner aided by a reader who may be a copyist but in no case shall a copy be read to an examiner, nor shall the examiner be in any way assisted, by the copyist who prepared the copy. If in any Court no examiner has been appointed the best qualified of the copyists shall be selected for this work. No copies shall be examined by any salaried official of the Court nor shall such official receive any remuneration therefrom.

21. When a copy is ready it shall before delivery be certified and sealed in the manner prescribed by Section 76 of the Evidence Act. The certificate that it is a true copy shall be signed by the Head Ministerial Officer who shall initial every alteration or correction. The practice of making erasures by scratching out or otherwise effacing words is strictly prohibited. Corrections should be made by drawing a pen through the word to be cancelled and by writing the substituted word above the word so cancelled. Such copies shall not be filed in any Court unless and until the requisite Court fee stamps have been affixed thereto. Court fee labels shall be affixed to the first page of the copy and shall be cancelled by punching out with a square punch a portion of each label in such a manner as to remove neither the figure head nor that part of the label upon which the value is expressed. The copy (if stamped) shall then be passed on to the clerk in charge of the daily register of Court fees who will make the necessary entries in his register and return the copy for delivery to the applicant.

In the case of copies issued by the Officer in charge of the Central Record Room a similar procedure will be observed.

22. When copies have been delivered the records shall at once be returned to the Record-keeper or clerk from whom they were obtained.

23. Copies will be delivered to the applicants concerned between the hours of 11-30 A.M. and 3 P.M. Unused copying sheets, if any, should not be retained in the office but should be attached to the copy for the preparation of which they were furnished and should be returned to the applicant together with the copy.

24. When any copies or any unused copying sheets are not claimed within twelve months from the date on which the copies were ready for delivery such copies and unused copying sheets shall be destroyed by or in the presence of the Judge, a note to that effect being made in the register of applications for copies.

25. Every copy shall bear an endorsement showing the following particulars:—

- (1) Copy applied for on the
- (2) Applicant told to appear on the
- (3) Applicant appeared on the

- (9) Examined by

The dates referred to in this rule shall be expressed in figures not in words and all corrections shall be properly attested. When certifying a copy the Head Ministerial Officer shall satisfy himself that these entries have been correctly made.

26. In case any applicant shall desire to have his copy sent to him by post the copy can be forwarded by registered packet, if the required charges are available, otherwise by post bearing. In every such case 'Copy posted' shall be substituted for 'Copy delivered' on the
